Description:

- double twisted linear yarn
- low tendency towards “pilling” because the ends of the fibres are bound in through the process of double twisting
- comfortable to wear because of the high cotton content
- the polyacrylic component gives the yarn volume, a soft touch and hard-wearing capabilities
- soft and doesn't scratch the skin
- lighter, easier to care for and holds shape better than pure cotton
- glides easily over the needles
- exciting colour way through the long print repeat
- stripes are created directly from the ball without colour change or lots of ends to weave in
- 6 great colour combinations
- the cake ball is a special ball form
